

Requests : When you plan to join events or parties

Avoid joining events or parties when you are feeling ill.

Refrain from joining events or parties where “Three Cs”(Closed, Crowded and Close-Contact) may occur and/or basic infection prevention measures are not thoroughly taken or many people closely gather and speak in a loud voice.

Make sure to take thorough infection prevention measures as follows:

- Keep an appropriate physical distance between others
- Disinfect your hands and fingers
- Wear a mask
- Refrain from having conversations in a loud voice

Refrain from the following behaviors while considering if the event/party is essential or not.

- Drinking a large amount of alcohol or continuing drinking until midnight on the streets or in the restaurants
- Joining events with drinking alcohol

Consider alternative ways to enjoy your time such as staying at home with your family and joining online events.

If you are worried that you might have been infected with Covid-19, and you deem it necessary to see a doctor, call the following phone number.
