

## Free/Low-cost Medical Treatment program

This is a program to provide very low-cost or free medical treatment for those who have been unable to receive necessary medical care because of financial reasons.

### Who are eligible?

Those who have economic difficulties to pay medical expenses due to the low level of income and other reasons (including foreign nationals)

### Reduction amount

More than 10% reduction or total exemption of medical service charge

Reduction amount varies by hospital.

### Implementing hospitals

See the attached list

### Please note:

Application procedures are different at each hospital. Please inquire of the hospital by telephone, etc., before you apply.

### Others

Along with the Free/Low-cost Medical Treatment program, there is the Senior Nursing Care Home Facility Free/Low-cost Use program. Under this program, the charge to use senior nursing care home facilities can be reduced or exempted for those who have economic difficulties to pay the charge. There are some conditions for this program. Please inquire at the municipality office of your residence.
