OsakafuYasaiKyohan/ZEN-NOH OSAKA
Let's "know more and eat more" of the amazing local Osaka agricultural products.

Heat prevention

A mist spraying truck will cool the venue! (A Dry-Mist truck will cool the venue !)
Want to feel cool even in the midsummer sun. The mist makes it feel cool and relaxing in the park. The mist is sprayed as small droplets, about 20 microns, which evaporate quickly without wetting people or objects. This also cools the surrounding air.

Osaka-mon Marché is an environmentally friendly event

46% off
The Decarbo Score, displayed at each booth, shows the percentage of CO₂ emissions reduced.

おおさか プラごみ ゼロ宣言
Let's reduce plastic wastes and prevent heat stroke by installing water supply spot

My Bottle Spot is set up!
Sponsored by: Water Stand Co.JP
Let's reduce plastic wastes and prevent heat stroke by installing water supply spot

Use environmentally friendly containers!

Reduce food loss and waste by eat up everything deliciously
